

Student,

We have access to a new training program for Windows OS since the regular G-Metrix tests only cover a small portion of the information on the tests.

Complete all 3 gmetrix trainings multiple times. Test until you get 90% on two of three.

Once you complete the above begin the new online training course. Complete as much as possible prior to your test date.

Instructions to access new course:

Go to Gmetrix.net – login

Click redeem (or the key symbol) and add the code **LKEY-31168-09514-Kirk**

Click on MTA Windows Operating Systems Fundamentals
